

A Pre-Season Fixture

Southport V Bolton Wdrs.

TUESDAY 30TH JULY 1985

KICK OFF 7-00

Welcome Bolton

There are few more famous names in football than Bolton Wanderers, nor many better known grounds than Burnden Park. The 'Trotters' were founder members of the Football League in 1874, and are probably best known for their exploits in the F.A. Cup. In 1923 they became the first team to win the famous trophy at Wembley Stadium. They have been winners four times and runners-up on three other occasions.

Many of their former players are among the legendary figures of the game, including Nat Lofthouse, depicted by journalists as the 'Lion of Vienna' after the never-say-die approach which led to this dashing centre forward scoring two dramatic goals in a 3-2 England win against Austria in 1952. He played for England 33 times, and in a 452 Football League game career for his only club amassed 255 goals. He later went on to manage the club.

Among the club's recent signings is David Cross, a much travelled centre forward who started out at Rochdale in 1969, and then served Norwich City, Coventry City, West Bromwich Albion, West Ham United, Manchester City and Oldham Athletic with distinction. David will shortly be looking for his 200th League goal.

Fifty full caps for Scotland is no mean feat, and one belonging to midfield maestro, Asa Hartford, another recent recruit for Bolton. Asa started with West Bromwich Albion in 1967, and has also worn the shirt of Manchester City, Notts Forest, Everton and Norwich City and is now approaching his 600th Football League game. Last March he scored the goal that won the Milk Cup for Norwich at Wembley.
